

CODE BLAST (Registration Fee Rs. 200)

Problem Statement

Solve Competitive coding questions based on Real Life Problems.

Rules

This event will be in two rounds:

Round 1 - Qualifier Round

First round will be a qualifier. In this round the student will be judged on the basis of his aptitude. There will be a computer aptitude test on paper, which will consist of about 50-70 questions. This round will be of 30 minutes.

The students who clears the benchmark will qualify for next round.

Round 2 – Hands- On Coding.

In this event the student will be coding on the system. The languages that they can use are

C, C++, JAVA, SCALA, RUBY, PHP, JAVASCRIPT, PYTHON, C#, Objective-C.

There will be 10 problems in this round and each participant will be given 3 hours to solve them.

Note: Students are not allowed to carry any electronic device or a

storage device with them. If any electronic/storage device is found in possession of the participating student, he/she will be disqualified from the event on the spot and will not be considered as a part of the event.

Judgment –

1. The participant who will solve the maximum number of problems will be the winner.
2. In case if there is a tie, the participant who will finish the code first will be the winner.
3. Still, if there is a tie, the participants will be judged on the basis of the total lines of code in all the problems solved by the participant.
4. If there is still a tie, a separate tie-breaker problem will be given which is supposed to be solved within 15 minutes.
5. Rules are subject to change prior to the briefing session.
6. Decision of judges will be final.

Team Specification

A team may consist of a maximum of 1 participant.

Certificate Policy

Certificate of excellence will be awarded to the top 2 winners.

Certificates of Participation will be given to all the participants, but not to the teams which get disqualified due to disobeying any

of the competition rules.
